ALFONSO A. RALLOS JR.

COMPUTER TECHNOLOGY GRADUATE

PROFILE

Motivated Computer Technology graduate skilled in IT support and web development. Adept at troubleshooting hardware and software configurations to ensure operational uptime, alongside concrete experience building role-based, secure web applications with data tracking mechanisms. Ready to deploy specialized training into full-time technical environments.

EXPERIENCE

On-the-Job Trainee / IT Support — Jan 2026 – May 2026

J. Boren & Son's Inc.

- Designed and developed a secure, web-based Daily Time Record (DTR) system and admin dashboard using HTML, CSS, JavaScript, PHP, and SQL, implementing password authentication for all user roles, including employees, managers, and administrators.
- Tracked and maintained the company's IT hardware inventory records using Microsoft Excel, ensuring accurate logs of equipment deployments and asset statuses.
- Performed hands-on IT support and hardware troubleshooting, including data center maintenance, UPS repairs, and resolving technical errors for corporate workstations such as Dell OptiPlex systems.

EDUCATION

Bachelor of Industrial Technology major in Computer Technology — 2022 – 2026

Talisay City College
